

# Boardmaker 7

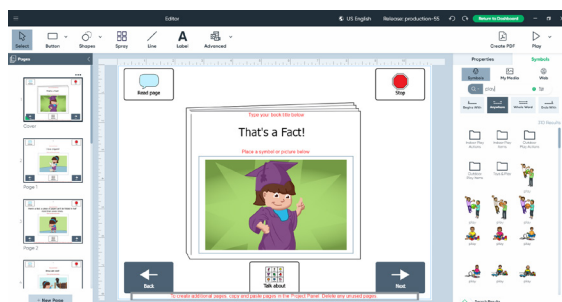

Take on the world with the most powerful symbol software to support learning and communication available on Windows, Mac, and Chromebook. Boardmaker 7 enables you to teach anything on the planet with over 45,000 Picture Communication Symbols® (PCS) covering a variety of topics in over 40 languages, plus hundreds of ready-made print and interactive templates.

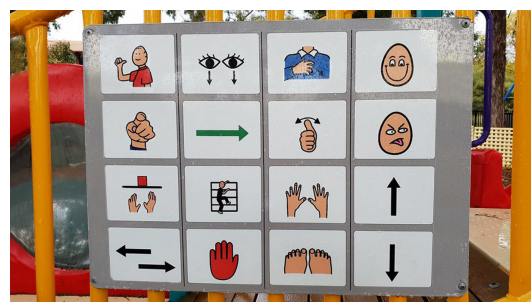

**Create and customise** communication boards, stories, language activities, games and much more. Choose from the included library of symbols, or add your own symbols, digital images or other graphics.

**Save time** with built-in features like edit-in-place, templates, and an integrated web search makes creating symbol resources quick and easy.

**Intuitive interface** with PDF printing makes it easy to create from scratch or to choose from one of hundreds of templates. You can even import, edit, print and play files from older versions of Boardmaker.

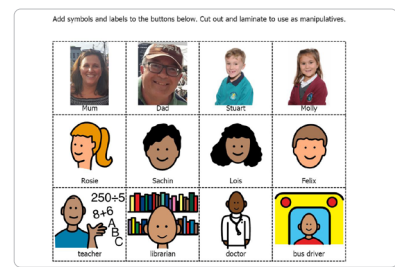

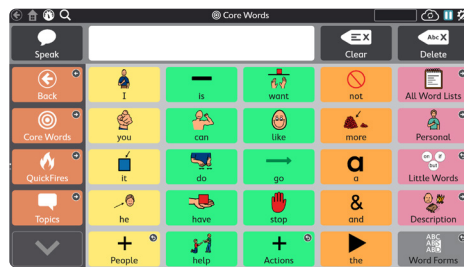

**Access your world** by using Boardmaker to label rooms or even entire buildings. From labels on drawers and doors to directional playground signage, ensure everyone is included.

# Use Boardmaker alongside Snap Core First to build an ecosystem of growth supporting:

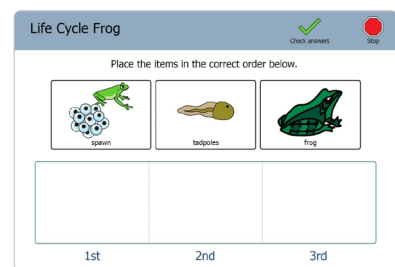

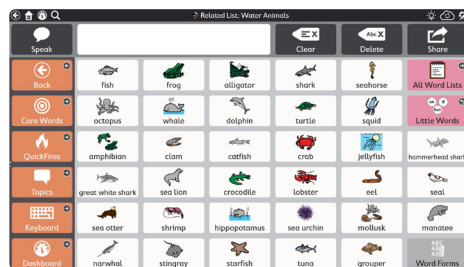

## Communication

Symbols everywhere! Give unlimited opportunities to communicate anywhere at any time.

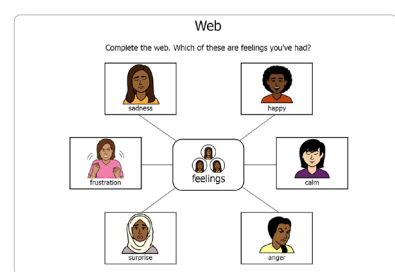

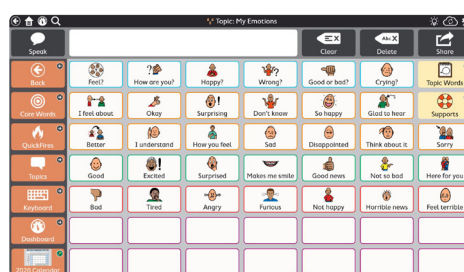

## Learning

Create countless opportunities to support comprehension and generalisation of concepts.

## Behaviour

Prevent or modify challenging behaviour and open up to participation and interaction.

# Picture Communication Symbols

Discover our diverse PCS Collections available in many distinct styles designed to represent any user! With over 45,000 symbols, covering a range of topics from core words to curriculum you will never run out of great topics.

## Classic

These symbols offer flexibility and simplicity by providing basic colour palettes, thick black lines and gender neutral avatars.

## High-Contrast

Designed for people with visual impairment who often require simple symbols with dark backgrounds to see the symbols clearly.

## ThinLine

Developed to provide a modern look with added realism while maintaining a clean, uncluttered style.

## In-Context

Designed for adults to communicate about daily living with rich, realistic illustrations that can be used as symbols or visual scenes.
