

Tobii Dynavox I-110

The power to break through boundaries

Built for every day adventures, the I-110 is the ultimate touch-based speech generating device for Augmentative and Alternative Communication (AAC), tailored for real life. Featuring a purpose-built, ultra-rugged design, naturally intuitive user interface, an IP54 classification, covered ports, and more, the I-110 delivers exceptional durability, performance, and reliability.

Start your adventure

with a sleek yet durable, water-resistant design and Gorilla Glass that can withstand accidental drops and spills, even without a protective case.

Go anywhere

with a built-in kickstand and numerous compatible access method inputs beyond touch, including switch-scanning, head-mouse, and touch with keyguards, etc.

The I-110 is designed to give you peace of mind

Make a splash and be heard

with integrated, outward-facing speakers that project powerful sound and provide clear speech in any environment, even from across the room or in crowd.

Be fearless and communicate your way

with a full range of software apps, unique voices, and an ecosystem of support, you will always have a communication solution that works for you.

Tobii Dynavox gives you the power to focus on what matters

Our goal is to help you focus on communication growth. To do this, I-110 users receive access to a truly unparalleled ecosystem of content and a library of resources. Free resources include Pathways for Core First, Discover Tobii Dynavox, Core First Learning, Core First Books & Lessons, Boardmaker Student Center, Pathways for Snap Scene, and more.

The power to grow and communicate

The I-110 offers a comprehensive suite of pre-installed communication and learning support software to let you start at any point, and then quickly adjust as you grow and your needs change. If you're a symbol-based communicator, use Snap + Core First to start communicating quickly. If you are a literate, independent user, Communicator 5 gives you advanced user functionality and control while communicating. Additional pre-installed software titles include Snap Scene and Accessible Literacy Learning (ALL™).

Technical Support and Warranty

Included with every I-110 is a 3-year Tobii Dynavox Support360SM warranty which provides complete coverage for repair or replacement parts, labor, return shipping, and telephone support.

Integrated, extra loud speakers
Covered ports for water resistance
Built-in kickstand
